

# Using knitr with multicols

Yihui Xie

September 22, 2026

Here is a paragraph outside the multicols environment. Here is a paragraph outside the multicols environment.

Here is a paragraph inside the multicols environment. Here is a paragraph inside the multicols environment.

```
1 + 1  
## [1] 2  
2 * pi * 10  
## [1] 62.83  
par(mar = c(4, 4, 0.1, 0.1))  
plot(rnorm(100))
```

and follow that up with some random text.
